

WHILE THIS YEAR'S CCSF GOLF OUTING HAS BEEN CANCELLED ITS MISSION REMAINS AS RELEVANT AS EVER.

The Chicagoland Construction Scholarship Foundation awards renewable scholarships to qualified area college students earning construction-focused degrees. The Foundation has awarded over \$300,000 in scholarships and plays an integral role in supporting the future workforce. Donating today will result in recognition throughout the summer campaign on all social media channels, website, and printed magazine. All proceeds benefit the CCSF and the full amount of your voluntary contribution is tax-deductible. Please visit www.chicagolandagc.org to donate. If you have any questions please contact Emily Steinmetz at esteinmetz@chicagolandagc.org or 773-444-0465.

MEET LUCAS, 2020 SCHOLARSHIP RECIPIENT

"This scholarship is helping me by reducing the amount of student loans that have accrued for the past 4 years. This helps reduce my anxiety and allows me to focus on my classes, rather than the burden of student loans."
